Thank you so much professor, this is helpful.

Professor we are a team of 3 people. But we do not have a formal approval from you. Sir, we require that for the HW06 I think. We may have missed out on that. Is it possible for you to send out an email approving our team? We had a team of 4 but the person backed out at the last moment.

The grader has asked us to include the copy of the approval mail for HW06.

Hi, Kshitij. According to Teams.doc on

Team H. Good luck with your basketball!

Subject: Doubt regarding the instructions mentioned for team name

Hello Professor,

I have a doubt regarding the team's name instructions as mentioned in the project information document. It states that:

Team Names

Teams should pick a team name that starts with the same letter as the team letter in the accompanying team list document.

Can you please clarify on how do we decide on a team name?

Thank you,
